## Propelling "New Industrialisation"

5 May, 2023  
14:30 - 17:30

LG1, HKPC Building  
(Quota: 60)

Cantonese

Target: interested in  
New Industrialisation

To dovetail with the National 14th Five-Year Plan and develop Hong Kong into an international innovation and technology (I&T) centre at full speed. The HKSAR Government has formulated the Hong Kong Innovation and Technology Development Blueprint from the perspective of top-level planning and design, and will take forward the Blueprint under four broad development directions, namely "to enhance the I&T ecosystem and promote 'New Industrialisation' in Hong Kong"; "to enlarge the I&T talent pool to create strong impetus for growth"; "to promote digital economy development and develop Hong Kong into a smart city"; and "to proactively integrate into the overall development of the country and consolidate our role as a bridge connecting the Mainland and the world".

New industrialisation refers to the use of Hong Kong's strong reputation in R&D, design and IP protection and innovative technologies such as Internet of Things (IoT), artificial intelligence, new materials and smart production of Industry 4.0 (i4.0) to streamline manufacturing process for the development of high value-added industries and industry supply chains locally.

To accelerate "New Industrialisation", HKPC and HKIE (MI Division) will jointly organise a seminar to share enabling factors in realising "New Industrialisation" in Hong Kong:

- *i4.0 & Advanced Technologies*
- *ESG & Sustainability*
- *Gov. Funding*
- *FutureSkills*
- *Infrastructure*
- *Industry Trends*

Seats are limited and on a first-come-first-served basis.

**Free of Charge**  
**Register NOW!**
